Helpful hints

Please list any specific hints or instructions to help us get to know your child better

*Per state licensing a Doctor's note is required for infants to sleep any where other than in a crib on his/her back. This includes car seats, swings, and bouncy chairs without written instructions from a doctor.

*Per state licensing no items may be placed into cribs with infants including but not limited to stuffed animals, blankets, or bumpers.

*Per state licensing all medication must be in its original container, stored according to instructions, and clearly labeled for a named child.

*Medication shall include the dosage information for child's age. If this is not included on container a doctor's note is required.
